

Model 02

The versatile Model 02 Catalytic Wood Burning Insert transforms virtually any fireplace into a beautiful, efficient source of comfort. Its compact design even fits into zero-clearance fireboxes, adding advanced catalytic combustion technology to the natural appeal of a real wood fire. Optional gold or black trim allows you to choose the look that complements your home's unique style.

Model 02 Catalytic Wood Burning Insert

Gain Efficiency

With the Model 02 Catalytic Wood Burning Insert, you can turn your open-masonry or zero-clearance fireplace—formerly a significant point of heat loss—into an efficient source of warmth and savings. Features include:

- 72% Efficiency
- Max Heating Capacity: 34,100 BTU
- Heavy Gauge Steel Construction
- 422 Pounds
- Max Burn Time: 12 Hours
- Max Log Length: 20"
- Black or Gold Door & Trim Options
- 6" Flue Opening
- Air Wash Equipped for Cleaner Glass
- Dual Blowers Standard (125 CFM Each)
- Approved for Installation into Zero-Clearance Wood Burning Fireplaces

Installation

With our optional trim skirt and leveling base plate, you can easily trim off the lower louvers below the zero-clearance firebox.

Minimum Fireplace Dimensions:	
Opening Height	18"
Opening Width	28"
Depth	18"
Width at Back	22"
